HEADLINE:

ACCESS TECHNOLOGIES INTRODUCES 2006 VERSIONS OF MAS-8200AL-Ti WAKE BOARDING SPEAKERS

BODY:

Access Technologies announces the release of its 2006 version of their award winning Audio Launcher Wake Boarding Speakers, models MAS-8200AL-Ti and MAS-8200AL-Ti-B. New for 2006 are the high gloss finishes in both white and black now polished and anodized finish of the patent-pending mounting bracket. . In addition, these new speakers received a revised tweeter protection circuit. Access Technologies raises the bar yet again in the wake boarding market.!
